STAY OF THE DAUGHTERS OF WISDOM AT THE GENERALATE

As part of the Year of Wisdom, Sr. Symphorose Rasoanarivosalama and six other Daughters of Wisdom visited the Generalate from 18 to 24 June 2023. Their stay was punctuated by intense visits to the tourist and religious sites of Rome and Assisi, and to the Generalate of the Montfortian Missionaries and their Community in Rue Merulana.

As a sign of gratitude for the hospitality offered to them, the Sisters presented the Community of the Generalate with a Statue of the Virgin Mary going to the well in the company of her divine Son Jesus. A well is a place where people live and meet. A well also means water, a vital element in daily life. This is undoubtedly a way for the Sisters to invite the Brothers to continue to drink from Jesus' source of living water in order to receive God's love and then be able to share it.

MONTFORT BHAWAN, KONBIR NOATOLI

The major event was the celebration of Ambedkar Jayanti- Constitution Day. The three institutions of St. Joseph's compound gathered together in the auditorium to pay our respect to the great man Ambedkar. The head of the institutions paid floral honour to the Architect of the Indian constitution. It was followed by staff and students. We then took an

Oath of honour as per the spirit of the Constitution.

The Brothers of the Province of North-East India were happy and honoured with the visit of Bro. Jean-Paul Mbengue, Assistant General, to the Province from 4th May to 2nd June 2023.

In spite of the tight schedule, winding roads, long hours of journeys, the hilly terrain and other difficulties, he made it a point to visit all the Communities, Institutions and meet all the Brothers of the Province. He started his trip with the visit to the two communities

He was quite enthralled with the hilly terrain and held on tightly to the vehicle as he travelled on the winding roads by the side of the steep hills and valleys of Mizoram to visit our Mission Centres in Aizawl, Melriat, Kolasib and Chhingchhip. An experience, I am sure, he will never forget in his life.

At Tura, the next community in Meghalaya, he was quite fascinated with the mission of taking care of the Children with disabilities. While encouraging the trainees who were preparing to be teachers of the Children with visual and hearing impairment, he appreciated their resolve to cater to the educational needs of special children.

He also visited three communities of Abhayapuri, Guwahati and Chabua. At Abhayapuri, the Montfort family accorded him a warm welcome with a cultural programme while in Guwahati he invested the student leaders and emphasized to them the importance of leadership in today's world. At Chabua, a small town surrounded by tea gardens, he was the Chief Guest of the Annual Sports Meet of the school and gave away the prizes. of North-East India. In his letter to the Province of North-East, he wrote, I quote, “At a time when the entire Congregation is preparing to hold its 33rd General Chapter on the theme ‘Montfortian Prophetic Presence in the 21st Century’, I’m not afraid to say that the North-East Province itself is already a fine example of this. But it must not rest on its laurels”.

On behalf of the Brothers of North-East India, and on my own behalf, I thank Bro. Jean-Paul Mbengue for being a source of encouragement and a sign of God’s blessings to the Brothers of the Province. We wish him all the best in his ministry and pray that God continues to use him as His instrument of Love and Brotherhood to everyone who comes across his life.

CONTINUATION OF THE GABRIELITE MISSION IN MAURITIUS

The great educational work from which some thirty children benefit at the Foyer Père Laval is perpetuated by a group of 17 lay people with the full support of the Diocese.

I was very grateful to hear the testimonies praising the work done by Saint Gabriel Technical College, an institution founded in 1974. It is a living testimony and recognition of our Congregation, the Brothers of Saint Gabriel.

I was very greatly touched to hear Cardinal Piat listing all steps he had taken to provide practical support to the Middle School in its restructuring into a Higher School. I was grateful to the teachers who invited me to give a speech to the students. It was very moving to share with people and various local business leaders who salute the quality of the education provided by Saint Gabriel.

The reputation of this School is unanimous throughout the island. The history of the Technical College reflects a relationship of mutual trust between the inhabitants and the Brothers. This success story, which has defied so many challenges and changes, was gained thanks to the two local Cardinals, who were supported by the Management Board members. All those people played an important role in the development of the College from the very beginning. The 2 successive cardinals had the idea of inviting a congregation with competence in technical education.

At present, the college welcomes 250 students and comprises 13 classrooms, a library, a computer room, and 5 workshops.

Today, we continue doing the same work as the Brothers!”

I visited Mauritius from 7 October to 30 November 2022. Here is a report of this fruitful trip to the beautiful island of Mauritius, which was my mission land. I was able to complete various administrative formalities. It was indeed the aim of my stay. I also attended meetings and visited people including Cardinal Piat.

Since 2018, a construction project is underway at the college. The foundation stone was laid on 25 September 2019 and work will start in 2023. The college will become the "Lycée Technique & Professionnel Saint-Gabriel - Don Bosco".

The financial support came from local businesses for over 47 years: the Rotary Club of Port-Louis, benefactors, the Salesian Fathers, and the Italian Episcopal Conference had helped. In November 2022, Cardinal Piat met with the President of the Italian Episcopal Conference to bring this project to fruition: "Lycée Saint-Gabriel - Don Bosco".

During my visit to the Technical College, I had the opportunity to talk to the Principal, Alain Bèche. Here is what he thinks about the mission: "The originality of the college is general education, professional and technical training, an improvement in French for the most disadvantaged young people, an education in human values to become honest and competent citizens working in our multicultural island. ... We continue the same work as the Brothers, with the same principles and values, and with a Salesian specificity.

I also had the opportunity to meet a group of Lecturers about the Turin Shroud that was set up in 2017 at the request of the Bishop, following the release of 2 books I wrote about the Turin Shroud. It so happened that last October this team had to give a visual presentation on the same theme. We then had a conference on « Using a scientific approach to recover the vital place of spirituality in our life. »

An hour before speaking I was informed that Dr Alexandra Henrion-Caude, Research Director, geneticist, and graduate from the USA, France, and Great Britain, would attend. She brought scientific complements. Then the unexpected happened: the group asked for another session to better understand

the consecration to Jesus by Mary according to Father de Montfort. They asked for the book of preparation for the consecration that I had written in 1999 at the request of the Bishop.

The work of the Saint-Gabriel College will continue with the Saint-Gabriel Don Bosco High School. This demonstrates the cohesion of the charisms of the educational mission inspired by our founders Montfort, Gabriel Deshayes, and Don Bosco. "All these are the work of one and the same Spirit, and he distributes them to each one, just as he determines". 1Co 12:11

Breaking News: We have just learned that on May 24, the Government of Mauritius signed a financial memorandum of understanding with the Church regarding the Lycée St-Gabriel project.

VISIT OF THE BROTHERS ASSISTANTS GENERAL TO THE PROVINCE OF BRAZZAVILLE

In April 2023, our Province of Brazzaville had the privilege of receiving the visit of our three Assistants General, Brothers Pratap Reddy B. and James T. K., accompanied by Brother Jean-Paul Mbengue.

For more than 10 days, for the first time, the Brothers Assistants General visited the Province of Brazzaville, which extends to three countries: the Central African Republic, Congo Brazzaville and Cameroon. With the exception of Bertoua in Cameroon, they were able to visit the Institutions and Communities of Bangui and Brazzaville. This visit to the Communities of the Province was an opportunity for them to discover fraternal life and the missions of the Brothers.

In Brazzaville, their visit began on Tuesday 11 April 2023, after Easter Monday. The delegation, accompanied by Brother Jean de Dieu Mandilou Moukouyou, Provincial Superior of the Province of Brazzaville, visited the Frère Hervé school at around 10 a.m., under a mild sun. The very warm welcome, with the rhythmic singing of the pupils, plunged the Brothers into radiant joy. After a walkabout, the Brothers met Brother Félix Moussompa, coordinator of the school, the staff and the Brothers who work there, before having a general discussion with the school's staff and pupils. The visit ended with a tour of some of the senior classes and a group photo.

In the evening, the Brothers went to the Makélékélé Community where some of the Brothers who work at

Frère Hervé live. Here too the atmosphere was good and the fraternal sharing was fruitful. Everything came to an end after dinner.

Then, on Wednesday 12 April, the Brothers Assistants General visited the *Institut des Jeunes Sourds de Brazzaville*, a mission of the Brothers of Saint Gabriel created in 1971 by Brother Marie André Nganga. The Brothers had discussions with Sister Clarisse Bassolo, Coordinator of the school, and the staff, as well as with Brother Guy Loufouma, Director of the Primary Section. After these meetings, they visited all the classrooms to get a feel of the facilities provided to the students. The Institute has 256 students of which 158 students in Primary School and 98 in Lower Secondary School. The institute also has a Pre-School Centre for 5 children.

On Wednesday afternoon, the Brothers of the Mougali community had the honour of receiving our visitors, with whom they exchanged views and shared a meal.

Thursday was devoted to a visit to the Archbishop, Monsignor Bienvenu Manamika, and to Brother Barthélemy Nkounkou, elderly Brother of the Province, who is under the care of the Little Sisters of the Poor.

On Friday morning, the Brothers visited Case Montfort, a special school with two sections: A Re-schooling section for children and young people aged between 8 and 15, and a Vocational Training Centre.

Case Montfort has several workshops. They visited the Mechanical, Electrical and Sewing Workshops, as well as the classrooms. At the end of the visit, they had a meeting with Brother Le Sage Miakamona, Coordinator, and the staff.

The guests visited the Postulancy on Friday afternoon. Their visit began with the garden and the farm. After this guided tour, they had a meeting with the Brothers of the postulancy. Brother Hubert Nakouzebi, who is in charge of the postulancy, introduced the other Brothers of the Community: Brother Christophe Mbani and Brother Landry Mafouassa.

Finally, on Saturday 15 April 2023, the Brothers Assistants General met with the collaborators, then exchanged views with the Brothers of the Provincial Council. This meeting was coordinated by Brother Jean de Dieu Mandilou Moukouyou, Provincial Superior. The Brothers Assistants gave their impressions and advice to the Provincial and

the Councillors. In addition, Brother Pratap Reddy, in his written message, congratulated the Provincial Administration for the initiatives taken to help the Brothers rediscover the religious values to which we have all committed ourselves.

In the afternoon, all the Brothers of the Province gathered at the Provincial House to share a fraternal meal with the Assistants General.

The visitors crossed the Congo River, which separates the two closest capitals in the world, on the morning of Sunday 16 April 2023, to travel to the Province of Kinshasa.

SAINT MONTFORT'S DAY 28 APRIL 2023

Every year, our works celebrate Saint Montfort's day as their patron saint.

This year, we took the initiative of celebrating it on Saturday 29 April 2023, with the three Brazzaville institutions together (Frère Hervé, Institut de jeunes sourds and Case Montfort).

It all began with a mass at *Notre Dame du Rosaire* parish, followed by a candle-lit procession of pupils to the Marian grotto in the parish.

After the mass, everything took place at Frère Hervé, starting with a conference for the associates led by Brother Félix Moussompa on the theme : "The status of inclusive education in our schools : the situation of deaf-mute children in the work of Father Gabriel Deshayes". After the conference, the associates attended the various games presented by the pupils of the Frère Hervé school before sharing a meal together in a very festive atmosphere. The Brothers and their associates were keen to continue the tradition.

VISIT OF THE ASSISTANTS GENERAL

For the first time, the Assistants General Bro. James and Bro. Pratap visited the communities, institutions and future locations in Senegal. As a prelude to the seminar on Justice, Peace and the Integrity of Creation (JPIC) organised for the French-speaking Provinces, this visit took place from 30 April to 21 May 2023. Accompanied and interpreted by Brother Jean Marie THIOR, Secretary General, they toured Senegal to meet the Brothers and talk with them about their life and mission, in accordance with the schedule drawn up for this purpose. They visited the novitiate and communities in Thiès, the Laudato Sí project in Fandène, the field in Popenguine, the René Merceron Institution in Mbour and the field in Gandigal, the community in Fatick, and the communities in Dakar (Tivaouane Peul, Malika CTA, Provincial House). In addition to the Gabrielle works, they were able to stay at the monastery of Keur Moussa and visit some of the tourist sites of Senegal before leaving for the seminar.

At the end of their visit, the Brothers shared with us their impressions of the life of the Province. This visit to the communities of Senegal, with the exception of those of Burkina and Guinea Conakry, was an enriching experience that enabled them to appreciate the ambience of fraternal life. They were delighted to see that the Brothers are faithful to community prayers and Holy Mass. This supports the spiritual and fraternal life that is essential in consecrated life. With regard to the mission of the Brothers of Saint Gabriel in Senegal, they noted that it is very dynamic and deserves recognition. They congratulated the Provincial Superior and the Brothers for their generous commitment to the service of society and

the Church. They also noted that over the last ten years, the Province has made considerable progress, with the purchase of new land and new infrastructures to further the Brothers' educational mission. They also expressed their satisfaction with the new options taken for the Brothers' higher studies in law, civil engineering, renewable energies, etc.

They invited the members of the Provincial Administration to always keep in mind their duty to be models to inspire the Brothers and to remain generous in their various commitments. They advised the Province to keep in touch with organisations that could accompany the educational mission.

After these words of thanks, they offered a souvenir to the Province of Senegal, a banner on the Gabrielle foundations in the world, to be displayed somewhere in the provincial house.

The Provincial Superior thanked the two Assistants General for their words of congratulations, encouragement and advice. He also asked them to convey the warm thanks of the Province of Senegal to the Superior General and his General Council for the accompaniment, the various forms of support and their fraternal presence. He extended his gratitude to Brother Jean Marie Thior who facilitated the stay of the Assistants General by allowing them to be in contact with the realities of the communities established in Senegal.

It should be noted that due to lack of time, the Assistants General were unable to visit the communities in Guinea Conakry and Burkina Faso.

SEMINAR OF THE FRENCH-SPEAKING PROVINCES ON JPIC

Theme: *"Montfortian educators, together with others, let us care for our common home".*

1- Opening ceremony

From 15 to 17 May 2023, a seminar for the French-speaking Provinces was held at the Maria Goretti Centre of the Franciscan Missionary Sisters of Mary in Dakar (Senegal), organised by the Central Administration of the Congregation. Participants included were from the provinces of Canada, Brazzaville, Kinshasa, Spain and Senegal; the Vice-Province of Madagascar and representatives of the Central Administration.

The first session of the seminar was devoted to the inaugural and welcoming ceremony, which began at 9 a.m. with prayer and in the presence of the local press. The opening prayer was led by Father Christophe Mendy, vicar of the Saint Joseph parish in Médina and representative of the parish priest, who was absent. In his prayer, he invoked the Holy Spirit on the participants and on the entire proceedings so that they would be fruitful. After the prayer, a round of introductions followed. We then heard presentations on the objectives and expectations of the seminar.

Taking the floor at the start, the Provincial Superior, Brother Etienne Souleymane KA, after having greeted and welcomed the participants, expressed his joy of having such an opportunity to reflect in a Montfortian way on how to respond to the Holy Father's invitation to "...act urgently to safeguard our common home". He then went on to highlight the Pope's seven objectives in Laudato Sí.

Finally, he thanked the authorities, the speakers and the Province's JPIC Commission, and wished them fruitful work in preserving our environment.

Augustin THIAW, Secretary General of the Episcopal Conference of Senegal, Mauritania, Cape Verde and Guinea Bissau, spoke on behalf of the Bishops. After greeting the participants, he emphasised the relevance of the theme, which, for him, is of pressing concern, on the one hand, and on the other, sounds like a mission for the Montfortian family. He concluded with an invitation to a perfect synodal process for the security and well-being of our "common home".

Then it was the turn of the Assistant General in charge of the JPIC dossier, Brother James T. K. He situated the involvement of the Montfortian Brothers in the action of the Church. He also recalled the organisation

of the first seminar for the English-speaking Provinces in 2020. But because of the COVID-19 pandemic, the seminar was held online. We are now in the process of organising a seminar for the French-speaking Provinces, which will enable us to draw up an action plan that will be a Gabrielite response to ecological issues. He identified seven essential points from the Social Doctrine of the Catholic Church to support our action:

- Life and dignity of the human person
- Appeal to the family and the community
- Rights and responsibilities
- Option for the poor and vulnerable (Priority for disadvantaged areas)
- Dignity at work and workers' rights (fair wages)
- Solidarity
- Caring for God's creation: we are called to protect the Earth by promoting the seven objectives of Laudato SI :

- 1- Respond to the cry of the earth
- 2- Responding to the cry of the poor
- 3- The ecological economy
- 4- Adopting simple lifestyles
- 5- Ecological education
- 6- Ecological spirituality
- 7- Community involvement and participatory action

After Brother James' speech, the Superior General sent a video message to the seminarians in which he expressed his closeness and fraternal concern to all the Brothers. He invited the Provinces to coordinate their efforts and to make the Brothers aware of JPIC issues.

For the last intervention of the ceremony, Brother Jean Marie THIOR, Secretary General, made a projection on the Gabrielite presence in the French-speaking world: firstly in French-speaking Africa and Madagascar and then in Europe to better situate the different establishments of the Brothers.

At the end of the various presentations, the participants took a family photo and shared a snack with the officials.

2- The themes of the sessions

The first theme was the socio-economic and ecclesial context in Africa and the world. It was presented by Dr Philippe Abraham TINE, President of Senegal's National Council of the Laity, and Professor and researcher at Cheikh Anta Diop University in Dakar in the Department of Classical Literature.

The second theme was the Sustainable Development Goals (SDGs). This theme was led by Ms Thérèse NDIAYE, a geographer and environmentalist who teaches at Ste Jeanne D'Arc Post Bac.

The third theme was Pope Francis' encyclical Laudato Sí, presented by Abbé Alfred Waly SARR of the Dakar diocesan clergy and Professor of Moral Theology at the Libermann Major Seminary in Sébikotane.

A fourth theme on the three global crises threatening humanity was developed by Mr Henry Mathieu LO and Christian FAYE, both members of GAIA (Groupe d'Actions et d'Initiative pour un développement Alternatif). As a reminder, the three crises are: the climate crisis, multiform pollution and the accelerated erosion of biodiversity.

At the level of the congregation, themes were presented by the Montfort Brothers of Saint Gabriel:

- Brother James, Assistant General and responsible for the Justice, Peace, Integrity and Creation Commission, spoke about the Institute's actions in favour of JPIC.

- Brother Pratap spoke to us about the Global Compact for Education

- Brother Varghese, responsible for the international JPIC commission, spoke to us about **Global crises: the context and Montfortian responses.**

3- Actions selected and to be promoted in the Provinces

The Provincial Superiors took the floor to share with the seminarists the actions chosen and to be popularised in their provinces to encourage initiatives in favour of JPIC.

Province of Brazzaville: Bring together coordinators from the 3 countries for training, and continue to regularise the situation of community personnel.

Province of Kinshasa: Extend the seminar to all the Brothers, popularise the directives on solidarity, forgiveness, peace and respect for the environment, read and become familiar with the Gabrielist guide and Laudato Si, visit minors in detention or in prison and help them to have a trial.

Province of Spain: listening to pupils and their families

Vice Province of Madagascar: Bringing the literacy and education programme with the NGO Saint Gabriel to the schools, defining a common educational project for all the Gabrielist educational institutions and including environmental protection, providing drinking water for the communities, pupils and neighbours, building toilets in certain areas, starting agricultural training with the existing centre.

Province of Senegal: training of resource persons in law, construction, renewable energy and agriculture to improve our educational offering, investment in the energy mix (solar energy during the day and electricity at night), and in educational farms to help manage school canteens.

Province of Canada: encouraging individual and pastoral actions with prisoners and ex-prisoners. From this round table, we can retain the following actions:

- Raising awareness, informing and training Brothers and collaborators in the cause of JPIC
- Taking care of children in prison
- Support for pupils and parents
- Regularisation of work contracts
- Literacy training
- Access to drinking water

4- Brother James' impressions

At the end of the seminar, Brother T. K. James gave his impressions of the organisation of the seminar. He expressed his pride in the Province of Senegal for the successful organisation of the JPIC seminar and particularly extended his gratitude and recognition to all those who had made every effort to ensure that the seminar was well organised, in particular the Provincial Superior and Brother Maurice Birane Diouf. He invited the Province of Senegal not to let the proceedings of the seminar go unheeded and to initiate activities to implement the decisions of the seminar. He hopes that the work of this seminar will be made known to everyone through the publication of articles in the Bulletin des Nouvelles Gabriélistes and the review JPIC. These decisions should be everyone's business, and the Brothers should be involved in living out the JPIC actions. He would like to see this seminar spread out to make the work more widely known and to give concrete expression to the seminar's call to launch something big for the French-speaking Provinces. Senegal has all the resources needed to host this JPIC project. He concluded by recalling the next international meeting of associates of the Montfortian family, which will be organised in St Laurent-sur-Sèvre, France.

THE CANONICAL VISIT OF THE ASSISTANTS GENERAL TO THE DEMOCRATIC REPUBLIC OF THE CONGO

The Montfortian Brothers of Saint Gabriel in general and the collaborators in particular had the immense joy of welcoming from Sunday 16th to Sunday 30th April 2023, the three members of the Central Administration, in particular the Assistants General : Bro. Jean - Paul Mbengue, Bro. Pratap Reddy and Bro. T. K. James.

As is universally known, the canonical visit is not an inspection but rather a fraternal moment to listen, encourage and comfort the confreres and share with them the experience of the mission.

During their stay, the three Assistants General became deeply immersed in the realities of the Montfortian religious life in DR Congo through various activities: meetings with the authorities of the local Churches, moments of personal meetings with the confreres and in groups with the communities, with young people in formation, community adoration, celebration of the Eucharist, visits to the various apostolic sectors and different communities.

Visits to our schools were one of the priorities and important moments during which the Assistants General did not fail to slip in their words of satisfaction, thanks and encouragement to the confreres working there, and also to the staff working there.

The Assistants General were determined to meet each and every one of their confreres, in their own mission area. That's why neither the rain nor the heat, no matter how difficult the access conditions were could not hold them back. Among the memories of the village, the journey from Mantere (Bibwa) in the mud where our Land cruiser was stuck. It couldn't go forwards or backwards. It took several interventions to get it out of the mud. Despite all this, the trip went smoothly, with lots of smiles and joy. And that's where I understood the popular saying that "where there's love, there's a way".

Our visitors knew how to adapt to the reality of our place, regardless of their rank, they lowered themselves to the level of everyone and this facilitated an atmosphere of trust and open dialogue with the people. Their attention was not limited only to the Montfort Brothers of Saint Gabriel, but also to the

two other congregations of the Montfortian family (the Daughters of Wisdom and the Fathers of the Company of Mary).

The stay of our guests in our Province was a comfort to us. The Assistants General played the role of prophets in the New Testament: to obey the Holy Spirit, to be compassionate, to speak the truth and to accept the daily life of our Province.

All the Brothers and collaborators thank these three members of the Central Administration for this great moment spent in the Congo. Lord, thank you for the friendships that were made.

Bro. Rufin NDAMBU, SG

ADOZIONI A DISTANZA

The Visit of Superior General

We were blessed by the brotherly and joyful visit of Rev. Bro. John Kallarackal, Superior General, accompanied by Rev. Bro. Dionigi Taffarello, Vicar General, to our Community of Istrana. They stayed with us for three days taking part in all the community exercises and different meetings with us and with our collaborators. We had ample time to talk about the future of our community and the possibility of incorporating collaboration of catholic families and of getting two Brothers into our community. There was great interest to continue to promote the activity of the “adozioni a distanza” started by Bro. Mathew Kavumkal about 43 years back. We thank the Superiors for their visit and brotherly encouragement.

Prayer Group Montfortano

The Prayer Group Regina della Pace had a day of pilgrimage to the Marian Sanctuary of Porzus in the Archdiocese of Udine on Sunday 2 June. There was wonderful participation from the members of the

group. Each family came with their own auto vehicle. All of us reached the Parish square of St. Andrea Church at Attimis. There we had our refreshments. From there we were guided by a member of the Sanctuary to reach the top of the hill where the sanctuary is located. At 11.00 a.m. we had the Holy mass celebrated by Don Giuseppe who is 87 years old. After the Mass, he explained to us all about the Sanctuary. After that, we had our lunch. Each family had brought one or more food items to be shared with others. It was a moment of real “Agape” of the early Christian community. In the evening all of us returned to our Institute where we had our evening meals together. All were happy and filled with the spirit of the Lord. Bro. Mathew Kavumkal, as spiritual animator and guide of the group was present with the group all the time.

Groups of Scouts

The months of May and June were really the months of Scouts and their annual celebrations. Instituto of Ca' Florens with its vast internal and external space, is a centre adapted for the activities of the Scout and AGESCI. Nearly from every Parish, groups of Scouts come to our Institute for their annual external

activities. Scouts of Montebelluna with their parents, Scouts of Vedelago and Castefranco, Scouts of Quinto di Treviso, Scouts of the Olmi Parish and Scouts of Chirignago were the main groups that came to our Institute in one month.

Scuola Materna Appiani-APPIANI NURSERY SCHOOL OF TREVISO

The concluding annual festival of the Appiani School of Treviso had their celebration in our Institute with teachers, students and parents. It was a wonderful organisation marvellously conducted and celebrated.

Scuola Materna di Istrana: NURSERY SCHOOL OF ISTRANA

The nursery schools of Istrana also conducted their annual closing ceremony in our Institute along with teachers, students and parents. They had their lunch under the shade of the trees of the long avenue of our Institute. They enjoyed our hospitality. The Parish Priest Don Fabio also was present for some time.

Spiritual Monthly Retreat of the Benefactors

Every month, the spiritual Retreat of the benefactors who help the children for their educational expenses, is organised by Bro. Mathew Kavumkal, is one of the events important in our Institute. Every 3rd Sunday of the month is dedicated to the spiritual retreat of the benefactors. We close the retreat with the celebration of the Mass by Bro. Dionisio Santoro. After the Mass, we have lunch for all the participants at the retreat. The lunchtime is really very brotherly and jovial. Bro.

Mathew Kavumkal takes the opportunity to speak with one and all and share communications and give timely information.

A Tripple Events Celebration

A friend called Angelo Crosato and his wife Maria Elvira celebrated three special events on a single special day. 45 anniversary of their marriage, 30 years of uninterrupted faithfulness in helping children through our organisation and two Baptisms of their grandchildren. One grandchild was the child of their daughter Federica. The other was the child of a girl who was helped through our organisation. She is a nurse at Valdobbadiene. She was helped by Angelo through our helping project. The Mass was celebrated in the Duomo of Santa Marisa Assunta of Valdobbadiene. The festal lunch was served in an Agritourism restaurant at Bigolino of Valdobbadiene. All the relatives of Angelo and Maria Elvira were present at the celebration. Bro. Mathew Kavumkal was the chief guest of honour.

The Patronal Feast of the Indian Community

As the Indian Syro-Malabar Catholic Community is accompanied by Bro Mathew Kavumkal, the annual Patronal Feast, the Feast of S. Joseph was celebrated in our Institute solemnly with the participation of nearly every member of the Community. Delegations from the Jacobite Orthodox Community and from the Malankara Community participated in the Feast. At the conclusion of the spiritual celebrations, lunch was provided to each and every one present. After lunch, the Feast continued with a number of cultural activities by students and parents. It was really a great success.

Loving and a fraternal greeting from Sitagarha Novitiate. All the twelve novices and the staff are fully busy creating a web of positive and transformative relationships, on the model of the essence of our triune God, based on unconditional and genuine love, radical acceptance, brotherly concern and a transformative accompaniment, under the guidance of Jesus our brother, powered by the Holy Spirit and deeply rooted in the charism of Our founder St. Louis Marie de Montfort, as a response to the signs of times today. The intense and high-degree heat waves have added a new dimension to our challenging formation mission.

St. Montfort's Feast Day:

We celebrated the feast of our founder St. Montfort on 28th April 2023.

The celebration was mainly centred around the grace-filled Eucharistic Celebration by Fr. Praveen, IMS. The special presence of the formation team of 14 Formation Houses in Sitagarha and Brothers from Dhawaiya and MTC communities and Domestic staff with their family members doubled the joy and multiplied the grace of the celebration. The mesmerizing, hope-evoking cultural evening, with a laser-like focus on the Life of St. Montfort, enacted through their drama, skit, mime, and dance, created a positive impact on the audience. All the participants congratulated the Novitiate Staff and novices. We concluded our program with a sumptuous fellowship meal.

A New Novice Master:

The Novice Master Bro. K. M. Mathew reached the Novitiate on 5th May 2023. The outgoing Novice Master welcomed Bro. K. M. Mathew and introduced him to the novices. The novices expressed their

welcome through a warm welcome song. In the context of a prayer service, the handing over process was done on Saturday 6th of May 2023, in a simple yet very profound way, by handing over a statue of our lady of perpetual help to the new Novice Master by the outgoing Novice Master. Bro. K.M. Mathew began his formation mission for one year, through the very special intercession

of our Lady of Perpetual Help

Farewell of Bro. Arockiaraj:

On the eve of 9th May 2023, the outgoing Novice Master, Bro. Arockiaraj, the staff and novices, all the Brothers from Montfort Gabrielite Bhavan, (MGA), MTC Hazaribagh and Dhawaiya community came together to appreciate and acknowledge the great service of Bro. Arockiaraj to St. Gabriel's Novitiate, for the last three years. The highlight of the farewell program was a befitting prayer service on the theme, "Go, God is with you" (meaning goodbye). During the felicitation programme, all the novices shared the values like discipline, hard work, the impact of being very regular for the spiritual exercises, and many lessons which they learnt from the outgoing Novice Master. They were joyful while sharing their growth-promoting experiences under Bro Arockiaraj. With the expression of gratitude and wishing him all the BEST in his new mission the farewell programme came to an end. It was followed by a delicious fellowship meal. On 10th May Bro. Arockiaraj left the Novitiate and went to his new mission.

Completion of the Pond Work:

The vegetable cultivation in the vegetable garden could not reach its maximum potency due to the insufficient water supply. To meet this need the construction of a pond near the football ground was in progress by the former Novice Masters and Novices, especially the contribution of Bro. Arockiaraj also has been very great and remarkable. It was an unfulfilled desire of Bro. Mathew K.M. to build an open well

in the pond near the football court since he was the Socius here. So, the construction of an open well in the pond was considered positive. The smart work in this regard was initiated as soon as Bro. Mathew K.M. began his formation mission on the 6th of May 2023. With timely financial help from the National Council, the construction of the pond with an open well in it has been completed on 10th June 2023. We believe this humble effort will enable us to expand the horizon of our organic vegetable cultivation.

Farewell of Bro. Fuldeep:

Bro. Fuldeep Jojo has been the Administrator of this house for the past two years. He has made a great and wonderful contribution to our formation mission during his term of office. We bid farewell to Bro. Fuldeep Jojo on 7th June 2023. The Brothers from neighbouring communities graced the occasion. The day was made special with a relevant prayer

service on the theme 'Thanksgiving', followed by the felicitation and a Thanksgiving song. The novices and staff expressed their gratitude and love to him. We concluded the program with a fellowship meal. We wish him an awakened mission experience with a greater positive impact in his new mission.

We enjoy various classes like 'Called to be a Brother of Christ and Brothers like Christ,' by Bro. Paulose Mekkunnel, SG, 'Our Rule of life, A powerful discipline to lead a life with Christ, our transformation companion' and other classes and various meaningful growth promoting activities. We, the novices continue to grow in our wisdom, discernment, and knowledge. Now, we the novices are encouraged to experience greater happiness in small things and are enabled to find God in all things.

Province Level MGA Meeting – Delhi

“The wisdom I proclaim is God’s secret wisdom, which is hidden from mankind....” (1Cor2:7).

The Province of Delhi organized a Province level MGA Meeting at Montfort Villa, Bhopal on 11th & 12th February 2023. The main aim of the meeting was to develop awareness among the new members of the association. The meeting started with a prayer service conducted by Bro. Alok Minj which was followed by introduction of the members. The resource person for the meeting was Bro. Paulose Mekkunnel, SG who explicitly explained the Montfortian Spirituality and charism.

The meeting involved group discussions and sharing of the experiences regarding the MGA meetings of various schools in their respective places. Various challenges faced by the members were also put forward.

The MGA Charter was also explained properly. The mission and vision of MGA was elucidated. It was followed by interpretation of the membership.

The MGA members were made aware of the structure of Governance at various levels. A lot of emphasis was laid on the topic of family as a “Domestic Church” and through the witness of families, the Gospel can reach every place and every section of the society.

The meeting ended with a few decisions taken regarding the growth and development of MGA movement and some steps were discussed to make it a successful initiative.

A group photo was taken at the end of the meeting with the MGA members of different Montfort Schools.

Multiple Meetings of Gabrielite Shared Mission – Province of Spain

On the 22nd of April 2023, the groups of the MCG and Montfortian Family-Madrid, together with the group of monitors of the St. Gabriel Camps, met at the St. Gabriel School in Madrid, reaching a total of 50 people.

Teacher Carmen Eugenia, in charge of the Pastoral area at San Gabriel School in Madrid, opened the meeting at 11 a.m. by giving a sincere and cordial welcome to all those present.

Brother Ángel Llana reminded everyone of the meaning of Shared Mission and its origin in the Institution of the Brothers of St. Gabriel and in all its centres and explained the importance of sharing the charism, spirituality and mission of the Brothers with the laity.

Throughout the years of running of the Gabrielite Shared Mission in the Province of Spain, from its beginnings until now, these meetings to share formation and ideals have been increasing because "You cannot share what you do not know".

Brother Ángel Llana, with the help of a PowerPoint, explained the religious experience and love of St. Louis for the Virgin Mary.

- In his early years in an eminently Christian family.
- In his years of formation at school and later at the seminary Saint Sulpice.
- In his life as an apostolic missionary.
- And finally, in his writings.

The life of Saint Louis and his works have made him one of the greatest promoters of love for our mother.

We enjoyed a short coffee break or just a relaxed chat with the companions of the Meeting.

After a short coffee break or just a relaxed chat, seven small groups were formed to discuss the theme: The experience of the Virgin Mary in my life.

Some of the questions we asked ourselves were: What is your devotion to Mary like? What have you learned about her in your adult life? Who has influenced your devotion to the Virgin? What places of devotion to Mary have you visited?

We then shared our reflections. Some of them were these:

Devotion to Mary should be like our dealing with our mother: trust in her, because she gives us security; love because she wants the best for us...

There are as many invocations of the Virgin Mary as there are villages in Spain, but we must not forget that under these different invocations lies the same person: the Mother of God and our Mother.

The importance of the family in instilling devotion to Mary.

Personal experiences were presented and finally Brother Ángel Llana, in addition to summarising what was presented by the groups, completed the content speaking of how we should apply this devotion in our daily lives. The spiritual experience of St. Louis should form part of our identity...:

Helping those most in need.

The way in which we show ourselves useful to a child, to an adolescent, to a young person?

Devotion to Mary, which began in us when we were children, must gradually abandon its childish image and grow in us as we grow in age, knowledge and experience.

We cannot be trees full of leaves, but without fruit: all the works and deeds we do must seek the welfare of others.

Mary is not the end of our journey. She must be our companion on the way to Christ.

The meeting ended by singing a song to San Luis composed by the teacher Carolina Sánchez and sung by the Infants' group of the school.

Chronicle of a Joint Formation Meeting of Brothers and lay people Province of Spain

On 26 and 27 March, the second meeting of the 2022-2023 course of Joint Formation of Brothers and lay people of the Province of Spain took place at the Casa de Espiritualidad de los Santos Ángeles in Saragossa.

Arriving from various places in Catalonia, Madrid and Aranda de Duero, the Saturday morning welcomed us with a marvellous light, very appropriate for the day we were celebrating: The Annunciation, our patronal feast.

In our opening prayer, we let ourselves be filled with the music and words of the song "Madame", from the musical "Bernadette de Lourdes", and we expressed our desire, like Mary, to be a gentle and warm place to welcome Jesus with joy.

We had again the speaker, Claretian Father Luis Alberto Gonzalo Diaz, Doctor in Theology from the Pontifical University of Salamanca, writer and director of the magazine "Vida Religiosa". First of all, we addressed the concerns that arose after the previous encounter, held in November, to then deal with the theme that occupied us that day: INTERCULTURALITY, SHARED MISSION, SYNODALITY and LEADERSHIP.

Some of the ideas that were expressed were these:

- Regarding interculturality, a basic principle at the moment, it was said that it was complicated because it is linked to feeling. Culture defines us, conditions us and educates us, and establishing a dialectic between cultures does not work, but we have to reach an encounter.

- As far as Shared Mission is concerned, we must bear in mind that it is a task for people with a vocation for mission. We must be very careful with life projects

without LIFE because they can result in projects that are not viable.

Shared Mission is a very artisanal task. No educational community is the same; although we live the same life, we are vitally different and this must be taken into account in a SM project.

- With synodality the concept of leadership changes. The Pope encourages a new leadership, a leadership that never tires of listening. Some may find it chaotic, but remember that God created out of chaos.

- Leadership and SM are underpinned by the theology of mission. For this, formation, reflection, discernment and emancipatory decision-making are essential. It is the Holy Spirit who demands these emancipatory decisions, not continuity. The paradigm shift is to stay with the community model of Jesus but adapted to this time.

- In terms of SM in synodality and interculturality, the formation has to be inter vocational (consecrated, priests, married lay people, single lay people) in order to live and be as we are each one in our own personal vocation. When we succeed in integrating all vocations, we will all be at ease.

- This formation has to be from freedom and for freedom. The principle of mission demands disengagement from concrete spaces and styles to give way to the necessary newness. The formation will lead us to understand what the charism consists of and thus to separate it from the school and the task we carry out. The diversity of gifts does not have to dynamite communion. We must distinguish charism from actions. Our differences do not stem from our personal qualifications but from a different call for each one of us.

- We must bear in mind that we must first create a climate of freedom for each one to make his or her own vocational process. This formation in the SM is not a teaching but is carried out through witnessing. And it is linked to Christ, who is freedom. It consists of discovering: What does God want? What does he need at this time?

On the afternoon of 25 March, we spent some time savouring the meaning of our patronal feast by situating it in history, as well as the name of the Congregation: Brothers of St. Gabriel. We analyzed the actions of the angel Gabriel in the three biblical episodes in which he appears and contrasted it with the mission of a brother of St. Gabriel as expressed in the Rule of Life. Finally, we saw how all this could challenge a Montfortian Gabrielite educator. Then we celebrated a very special Eucharist with a dramatized reading of the Annunciation.

Saturday morning of the 26th was dedicated to work on the theme "How to infect others to walk together". After a motivational video, we split into small groups around some questions, to later present and discuss them in assembly. Finally, we made a series of concrete proposals to study them and see how we can take transformative steps in our Shared Mission.

We all agree that these meetings of Brothers and lay people are not only pleasant and profitable but also help us to grow in self-knowledge and to advance together on the path of the Shared Mission.

THE 49 BROTHERS OF SAINT GABRIEL AND THEIR CHAPLIN

MARTYRS OF THE RELIGIOUS PERSECUTION DURING THE SPANISH CIVIL WAR IN 1936

Jesüs ROMO LARA
Brother Rufino, 26 Years old
Born in Madrigalejo del Monte
(Burgos)

Very attentive to details, an expert in sewing machines, he held no secrets in his labours that he carried out with the greatest care to the liking of the whole community

In addition he was the sacristan of the Formation House standing out for his order and dedication to the ornamentation of the chapel and in the organizing of the religious ceremonies.

He lived the Eucharist deeply and inspired faith and respect for all sacred things. With great sense of detail and solemnity he prepared the great celebrations of the Liturgical Year, the dominical tasks, the Eucharistic Blessings and the monthly retreats !

Not to mention the discipline and sense of responsibility with which he educated and prepared the junior altar boys. With the other fellow Brothers he was dedicated and a good companion. And always a smile of joy shone on his face, a joy that was contagious to all.

In the difficult times of 1936, when even the slightest danger neared, he was there to protect the Chaplain Father and to prevent that images of the Eucharist could be desecrated.

Martyrdom: Common narration

From Brother Rufino grant us, Lord, his humility and simplicity, his deep piety and his faith and respect towards the sacred things.

Julio ROMO ARLANZÓN
Brother Jacinto, 26 years old
Born in Madrigalejo del Monte
(Burgos)

"Pious, he has completed his novitiate with seriousness; good character, sense of family, loves his vocation". He was entirely kindness and charity, work and good nature, with a great spirit of sacrifice. He served his military service in San Sebastián in the Zapadores Regiment mining engineers for one year.

Studies in London during two years when he was thinking of going to Thailand as a missionary, but had to return to Spain by request of the Superiors.

He gives himself to his studies without respite.

An excellent teacher, he had unlimited patience and an intelligence that accompanied a gentle character. He was attentive and respectful with others. All these qualities could have no other human and religious mystery than that of the most demanding gabrielite spontaneity.

He contributed to the fact that in Viladecans the community was joyful, hard working and simple. He was always like a perfumed flower that radiated a soft fragrance of kindness.

Martyrdom: Common narration

From Brother Jacinto grant us, Lord, his extraordinary goodness and kindness, his never ending patience and his respectful personality towards others.

JESUS, THE MASTER IS HERE

When in talk with you my Lord
My heart begins to be on fire
I feel blessed and full of care
All my quams and fears disappear.

When in walk with you my Lord
I feel so thrilled as none before
My being too move on to fore
To relish the scene sense encore.

When in work with you my Lord
My body pines to be of help
Move away far from wordly wealth
Walk in towards a subline shore.

When in prayer with you my Lord
I start with you enwrapped in prayer
I see you pray at morn and eve
Delve in union with the father.

When in speech with you my Lord
For things divine that exalt God
My heart tells stories vibrant true
It rests secure and peace accrue.

When in hope with you, My Lord
I see the golden light as my lot
I hear your voice at a known tomb,
“I am Resurrection and Life.”
